

MAMUDURI KOWSHIK

Electronics and Communication Engineering Student

📍 Chennai, Tamil Nadu 📞 +91 88254 12325 @ kowshik.srini@gmail.com

PROFILE

Motivated Electronics and Communication Engineering student with strong interest in software development, embedded systems, and practical engineering applications. Skilled in Python, C, and C++ with foundational knowledge in microcontrollers, embedded systems, and circuit design.

EDUCATION

B.E. Electronics and Communication Engineering

Prince Shri Venkateshwara Padmavathy Engineering College

2023 – Present

CGPA: 7.4

Higher Secondary Education

Zion Matriculation Higher Secondary School

78.1%

SSLC

BOAZ Public School

77.4%

Selection Process Scores

- Paper Test – 33 Marks
- Group Discussion (GD) – 6 Marks

TECHNICAL SKILLS

- Python
- C / C++
- Embedded Systems
- Microcontrollers
- Basic Circuit Design
- HTML & CSS

SOFT SKILLS

- Problem Solving
- Critical Thinking
- Communication
- Teamwork

OTHER COURSE

- LEAP Certificate for Reverse Engineering and LPb02

PROJECTS

Food Poisoning Detection System

- Developed a system to measure cooking temperature and identify food contamination risks.
- Designed to support food safety monitoring in hotels and travel locations.

Water Drain System for Farmers

- Developed an automated drainage system using water-level sensors and motor control.
- Implemented solar backup support during power outages.

INTERNSHIP EXPERIENCE

Industrial Internship (1 Month)

- Gained exposure to automotive manufacturing processes and production workflows.
- Observed machining, assembly, and quality inspection procedures.
- Learned industrial safety protocols and workplace practices.
- Collaborated with engineers and technicians in industrial environments.

CAREER OBJECTIVE

Seeking internship opportunities to apply technical skills, gain practical industry experience, and contribute effectively to engineering and software-related projects.

AREAS OF INTEREST

- Software Development
- Embedded Systems
- Automation
- Web Technologies

TOOLS

- Visual Studio Code
- GitHub
- Arduino IDE
- MySQL
